

Springer

Knowledge, Information Quality

these are the three things that shape Springer

About Springer

- In the **Science / Technology / Medicine** (STM) sector, we are the world's second-largest specialist publisher
- Our main publishing fields are **science, medicine, engineering, economics, architecture, construction** and **transport**.
- We publish **1,643** journals and **5,000** new book titles every year, plus databases, online services, conferences and seminars.
- Behind all this are some **5,000 employees** working in more than **20 countries** around the world.

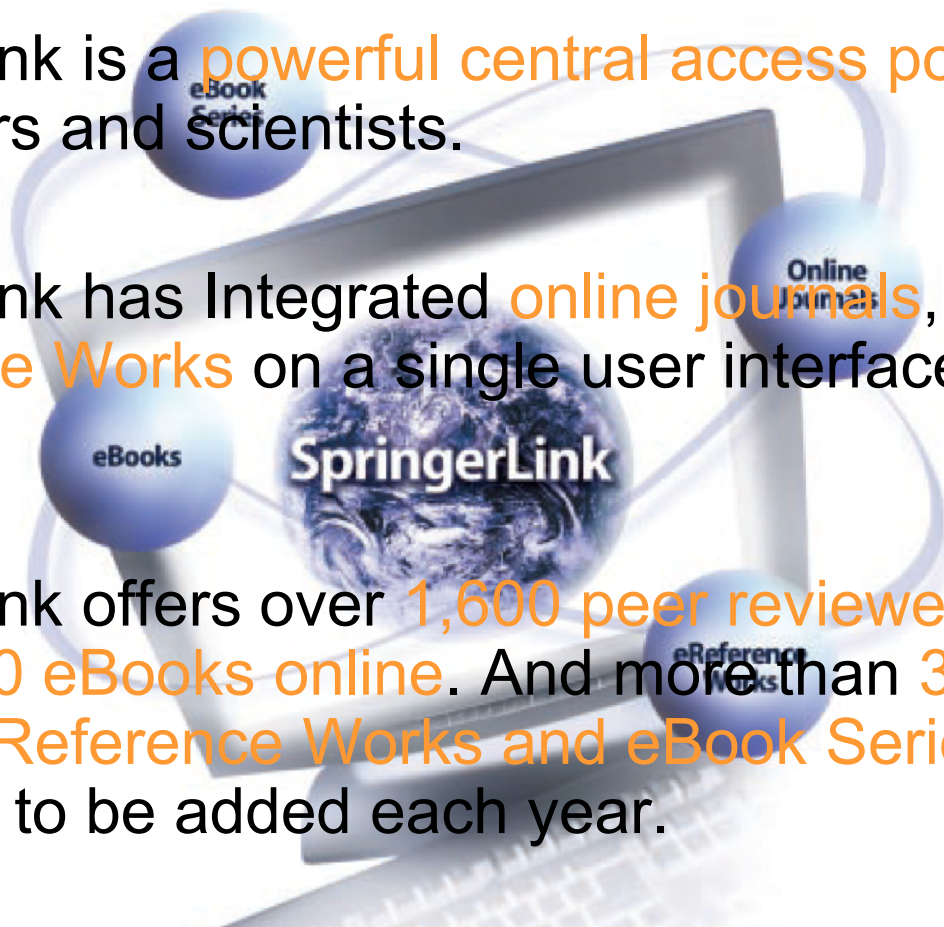

Springer Online Products

- SpringerLink
- Online Journals
- Springer eBooks
- Springer eReference Works
- Online Archive Collection
- Zentralblatt MATH

SpringerLink

- SpringerLink is a powerful central access point for researchers and scientists.
- SpringerLink has Integrated online journals, eBooks and eReference Works on a single user interface
- SpringerLink offers over 1,600 peer reviewed journals and 15,000 eBooks online. And more than 3,000 eBooks, eReference Works and eBook Series titles are scheduled to be added each year.

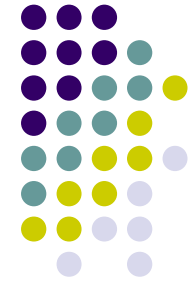

SpringerLink Features

- Over **3 million contributions** organized by subject
- Extensive Online Archives Collection—journals & a selection of online book series
- Powerful and improved search engine
- Free access to tables of contents, detailed abstracts and editorial background for every publication
- Reference linking & cited by linking

Access to SpringerLink

Welcome to your personal homepage!

Edit Details

This section allows you to edit the details of your individual account.

Manage Memberships

This section allows you to manage your associations with institutions, societies, or editorial boards. Please note that your subscriptions (below) do not include access granted by your associations. You should view associative access in this section.

Advantages of My SpringerLink

Edit Details

This section allows you to edit the details of your individual account.

Manage Memberships

This section allows you to manage your associations with institutions, societies, or editorial boards. Please note that your subscriptions (below) do not include access granted by your associations. You should view associative access in this section.

View Contracts

A contract defines the terms and conditions for access. Contracts are evaluated in real-time by our rights management system. Subscriptions and trials (below) may change as the current state of a supporting contract changes.

Advantages of My SpringerLink

Activate Subscriptions

If you received an Activate Access email from a publisher, click the link above and enter your subscription reference number into the Access Code field.

View Subscriptions

Any titles which are on subscription to you will be listed here. Please note that your subscriptions do not include those of your institution. For details about your institution select it from the recognitions list in the upper-left.

View Marked Items

The marked items list allows you to indicate items of interest discovered during your session. You can mark an item by clicking the *Add to marked items* link from anywhere on the site.

Advantages of My SpringerLink

Manage Alerts

Alerts are sent to you via e-mail whenever a saved list changes. For example, if you saved a search results list today as an alert, you would receive an email containing any new items that satisfy the criteria of your search in the future.

View History

The history section will allow you to browse the events that are logged as you use the system. Page views, full text views, purchases and other actions are saved to your history.

View Saved Items

Saved items consist of both individual items and lists of items. Individual items are fixed entities like journals, journal articles or books. Lists of items are dynamic entities like search results.

Manage Labels

Labels allow you to organize your saved items. Any saved item can have as many labels applied to it as you wish. You can then view your saved items by label.
